

Phone App Download Instructions

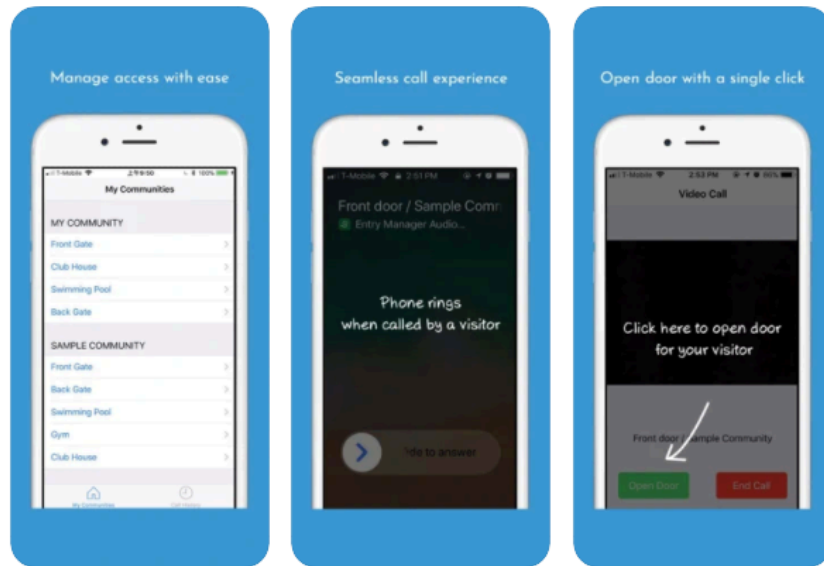

To make the most out of your new video intercom system, please download the phone app in order to receive live video calls, create temporary guest codes, see the entry log, remotely open the door via your phone (if enabled by your community), and explore community approved merchants list.

We support both iOS and Android devices.

Entry and Community Manager 4+
Liangdong Deng
Designed for iPhone
Free

iPhone Screenshots

An access control application for residential communities or office buildings.

See a live video stream and speak to your visitors before granting or denying access.

See the list of entries you are allowed to open.

See the log of past access attempts and results.

Apple iPhone users can search for “Entry and Community Manager” in the Apple App Store OR manually type in the URL below in your phone’s browser.

Voice Call Instructions

If you do not have a smartphone, the system will call you by a regular voice phone call. The call will originate from the phone number: +1-786-623-5161. A short instructional audio message will play, reminding you to:

1. Press any key to start speaking with the visitor.
2. Anytime during your conversation, press *1 to open the entrance.
